We want to hear from you!

**Who:**
- Teens (12-17 years) on the autism spectrum

**What:**
- Researchers at the University of Pittsburgh want to talk with you *(virtually or in-person)* for about 60-minutes to hear about your experiences with managing emotions and receiving services for them.
- Complete a short demographic survey.
- Compensation is provided for your time.

**How:**
- Call, text, or email Kate to learn more about participating and to begin scheduling your interview.
